2. KENNETH PEARSON, JR. ....	218.340

METHOD OF SELECTION

1. To be eligible for Team of the Year, the bowler must be a member of the Tulsa Area USBC Bowling Association.
2. Qualifying averages will be Tulsa Area USBC yearbook averages as of the end of the season.
3. To establish a qualifying average, a bowler must bowl a minimum of 63 games in a league.
4. Traveling league bowlers may use their traveling league average provided they have bowled 63 games in the traveling league. They would not be required to bowl in a second league.
5. All other bowlers must have a qualifying average from two houses.
6. Total pin fall from two leagues will be combined and divided by the number of games bowled in the two leagues to determine the average to use for Team of the Year.
7. If a traveling league bowler has a qualifying average in one center that is higher than his traveling league average, that bowler may use the combined average of traveling and one house for Team of the Year.
8. If a traveling league bowler has a qualifying average in two houses that are higher than his traveling league average, the bowler may use the combination of those two leagues to determine the average to use for Team of the Year.
9. If a bowler bowls both sessions of a mini-league (Ultimate I and Ultimate II), the pin fall for the two sessions will be combined and considered as one league. The average may be used for qualifying for Teams of the Year provided the bowler has bowled 63 games combined.
